

SOTSEC-ID Treatment Manual Appendices

List of appendices

1. Accessible summaries and examples of session output

In this document we provide examples of treatment content taken from flipcharts of actual group treatment sessions with men with intellectual disabilities at risk of sexual offending. They are not intended to be examples of model practice but rather to give facilitators ideas about how to present information to group participants.

The following are included in this appendix:

- Examples of Sex Education Content
- Examples of Victim Empathy Work
- Examples of Relapse Prevention Plans

2. Information sheets and consent forms

This document contains examples of information sheets and consent forms that we have used. Facilitators may choose to create their own versions and may choose to include pictures.

3. Duty to report
